Pen At Hand-Fundraiser Order Form

We will supply a ready to print **Fundraiser** form similar to the one found on the back of this sheet. It would be 2 sided with character heads pets and bodies on the back. Six items are shown to sell on the front, each with it's own order section! This allows the customers to order without you showing the book!

You can actually use this order form "as is" or any other ad sheets shown in this Section B of the book. Just fill in your own information in the blanks at the top of the form and copy on the back the "heads/pets/bodies" we have already printed on the back of the other advertising sheets in this book's Section B.

Would you be interested in something like this? If so, please contact us. We will be able to make changes and personalize it for your use. There would also be a **cover letter** (with cute sample pictures of the items as shown on this sheet) that you can send out to the parents introducing the fundraiser that would also be customized for you.

Please let us know as soon as possible so we can get started on customizing the form.

Thank you
Ronnie Horowitz
